ABOUT

Lightworkers Lifeline

MAKING MAGIC MAINSTREAM

Lightworkers Lifeline is a powerful incubation portal birthed through Lia and Meghma, who were drawn together across oceans and continents by their calling to help all the newly awakened Lightworkers move into their gifts quickly, with ease, grace, and loving support.

As a conscious business dedicated to the New Earth paradigm, we create assessments, books, classes, newsletters, support groups, and a wholesome community for Lightworkers to help them create and nurture a magical future for humanity.

Lightworkers Lifeline educates, trains, and supports emerging Lightworkers to understand, develop, and master their extrasensory gifts while navigating the new frequencies of the planet.

We believe in creating a future where **healers, seers, mages, shamans, psychics, empaths, whisperers, shapeshifters, mystics, and other energy workers** are honored by society and compensated for their divine gifts.
